SUMMARY

Full Stack Developer experienced in building scalable web applications using React, Next.js, Node.js, and MongoDB. Developed production-ready platforms with authentication, role-based systems, and payment integration. Passionate about clean code, performance, and shipping products that solve real problems.

SKILLS

Languages:	JavaScript, TypeScript
Frontend:	React, Next.js, HTML, CSS, Tailwind CSS, Shadcn UI, Daisy UI
Backend:	Node.js, Express.js
Database:	MongoDB, Firebase
Tools:	Git, GitHub, Stripe, Postman, NextAuth, JWT, Vercel, Netlify, VS Code

PROJECTS

Badar Uddin Welfare (Full Stack Web App)

[Preview](#) | [Client Code](#) | [Server Code](#)

Technology: React, Tailwind, Node.js, Express, MongoDB, Firebase Auth, JWT

Overview: A full-stack charity platform with role-based dashboards and donation management.

- * Built JWT authentication with role-based access control for donor, admin, and volunteer dashboards.
- * Implemented donation tracking and approval workflows with real-time status updates via MongoDB.
- * Delivered a fully responsive UI with Tailwind CSS featuring dynamic fund allocation displays.

MicroTask Platform

[Preview](#) | [Client Code](#)

Technology: React, Tailwind, Node.js, Express, MongoDB, Firebase Auth, Stripe, JWT

Overview: A three-tier MERN marketplace connecting task posters, workers, and administrators.

- * Engineered a secure checkout workflow integrating Stripe API for payment processing.
- * Built role-based dashboards for task management, approvals, and real-time order statuses.
- * Optimised data management using MongoDB to handle complex relationships between users and tasks.

Demo: admin@microtask.com | Admin123 | Role: Admin

Care.xyz (Caregiver Booking Platform)

[Preview](#) | [Client Code](#)

Technology: Next.js, TypeScript, NextAuth, MongoDB, Tailwind CSS

Overview: A caregiver booking platform with authentication and dynamic service pricing.

- * Implemented full authentication flow using NextAuth with credential and OAuth providers.
- * Built booking system with availability scheduling, dynamic pricing, and confirmation workflows.

EXPERIENCE

Data Entry Specialist	Nation IT Limited · 2024 – Present
Managed structured data pipelines ensuring accuracy, consistency, and timely delivery.	

EDUCATION

BBA — Accounting & Finance	2019 – 2023
City College · Dhaka, Bangladesh	
Complete Web Development Course	2025 – 2026
Programming Hero · Certificate
